Hi Joan,

In case the issue is access to our contract, I've asked Debbie Dalton, the project officer for our contract to give you a call. I'm also happy to chat and have time today between 2-3 pm EST if

you'd like.

Best,

Jeanne

Hi Jeanne. I understand you may be the right person to start with about this inquiry I received from the Keystone Policy Center. Do you, or a designee in your office, have a few minutes to chat?

Thanks.

Joan

Here's the latest on our Good Sam working group with the working document attached.

Also, our agreement is with SRA International and is referred to as the CPRS Contract. Prime contract number EP-W-14-020. We believe the best contact at SRA is Mary Apostolico at 703-284-6030.

Hope that helps.

Doug

Hello all—

Attached please find a Draft Discussion document that proposes language to CERCLA to address the issues raised at our first meeting.

As mentioned in this document, the language suggestions have been culled from a number of different sources, as well as some additional thoughts. It's important to note that this is designed to facilitate further discussion, refinement and revision. Everyone is encouraged to provide

reactions, comments, suggestions, changes, additions, etc.

I suggest that we might use this as the starting point for our next meeting/discussion that I would like to try and convene before Thanksgiving. Can I suggest **Thursday, November 19<sup>th</sup> from 9-11** as the date and time we reconvene? Please let me know if that will work or not so as to determine if we need to try a different date into December.

Thanks again for your continuing interest and involvement.

Best,

Doug
